The Seventh Annual National Invasive Weeds Awareness Week (NIWAW 7) will be held in Washington, DC the week of February 26th to March 3, 2006 to bring people and groups from across the country together to focus national attention on the severe problems created by invasive weeds. Individuals and organizations interested in this issue are invited to participate in this event and help build on the success of NIWAW activities in previous years. NIWAW 7 events are designed to focus on the important roles the Federal government must play to help the U.S. deal with invasive weed problems. We have also designed the schedule to provide ample time for attendees to meet with their Congressional delegations, individual federal agencies and each other.
