

# *Invasive Plant Symposium*

## **Weed Management in Establishment of Riparian Forest Buffers**

**Friday, January 5, 2007**  
**8:30 am – 3:30 pm**  
**Baltimore Salon B**

**The Renaissance Harborplace Hotel**  
 Baltimore, Maryland

**This symposium will address invaded riparian buffers and challenges in replanting and management of invasive vegetation. Working regional programs and integrated methods will be discussed. Pesticide, GCSAA, and Certified Crop Advisor certification credits will be available to those attending.**

**Program:**

- The Benefits of Riparian Forest Buffers. Al Todd, US Forest Service
- State-By-State Overview of Regulation of Herbicide applications in Riparian Settings. Art Gover, Penn State University
- The Massachusetts Example: One Streambank, Multiple Jurisdictions. Randy Prostak and De Picking, University of Massachusetts
- Establishment and Vegetation Management of a RFB at the Marcus Chapman Property. Mike Kay, MD Forest Service
- Use of Weed Volunteers in Controlling Invasive Plants in Stream Valley Parks. Carole Bergmann, MD-National Parks Planning Commission
- The Giant Hogweed Eradication Program in Maryland. Lane Heimer, MD Department of Agriculture
- Establishment and Vegetation Management of RFB's in PA. David Wise, Chesapeake Bay Foundation

**Lunch on your own**

- Discussion - "The Need For an Invasive Plant Management Course". Rita Beard, National Park Service

Sponsored by the 61 Annual Meeting of the Northeastern Weed Science Society
