

# Conservation Site Assessment and Planning

Build your site assessment and planning skills!

**Date:** September 23-25, 2008

**Location:** Disney Wilderness Preserve, Kissimmee, Florida

**Tuition:** \$380.00

**Registration:** <http://nata.snre.ufl.edu/>

This workshop teaches participants to build their site assessment and planning skills to effectively guide their management work over a multi-year period.

## Participants learn:

- ☛ Comprehensive site assessment techniques
- ☛ How to set conservation priorities and identify threats
- ☛ Development of effective management plans
- ☛ How to deal effectively with competing management needs in the planning process
