PLANT INVASIONS: POLICIES, POLITICS, AND PRACTICES

JUNE 1-4, 2010

**NATIONAL CONSERVATION TRAINING CENTER
 SHEPHERDSTOWN, WEST VIRGINIA, USA**

Weeds Across Borders is a biennial international conference covering the interests of professionals and organizations involved in weed management and regulation. It is composed of an affiliation of organizations from Canada, Mexico, and the United States with a common interest in sharing information and promoting weed management throughout North America. Because weeds do not respect human-imposed laws or boundaries, we rely on partnerships, information sharing, and cross boundary program coordination.

The conference provides a forum for educating, sharing, and disseminating knowledge about weed management, regulatory issues, and concerns regarding weed dispersal across and between jurisdictional boundaries in Canada, Mexico, and the United States.

For a more information and **ONLINE REGISTRATION**, visit the WAB 2010 website:
