

MID-ATLANTIC

INVASIVE
PLANT
COUNCIL

FIRST ANNOUNCEMENT

Learn how to organize and support people working together to manage invasive plants or other exotic organisms to restore natural habitats. Training will provide you with the basics on how to establish a Cooperative Weed Management Area or similar group. In addition to basic training, presentations will be given by people who have successfully developed and implemented CWMA groups in the eastern U.S., followed by discussion of challenges and rewards of these efforts. Two opportunities are available:

Cooperative Weed Management Area Trainings

November 7, 2012 (Wed.)

U.S. Fish and Wildlife Service

National Conservation Training Center

Shepherdstown, West Virginia

November 8, 2012 (Thurs.)

Delaware National Estuarine Research Reserve

St. Jones Reserve, Dover, Delaware

TRAININGS ARE FREE!!

PARTNERS AND SPONSORS:

U.S. Forest Service (funding), Purdue University (grant administration), Mid-Atlantic Invasive Plant Council, Midwest Invasive Plant Network, Delaware National Estuarine Research Reserve, Delaware Invasive Species Council, National Park Service and University of Georgia Center for Invasive Species and Ecosystem Health.

If you have any questions about these trainings, please send email to info@maipc.org.
Information on how to register will be coming soon. Mark your calendar and pass the word!
