ABOUT SCHOLARSHIPS

For many practitioners, the difference between coming or not coming to the annual meeting boils down to a question of time and money. The Network therefore makes a limited amount of financial support available to help with travel and lodging costs. In awarding scholarships, the Network considers whether you've been to an annual meeting before, whether you plan to stay for the entire meeting, and what you hope to contribute and learn by attending the meeting. Priority is given to Network members and presenters. Applications are reviewed on a rolling basis, and scholarships are made available as funds permit. Scholarship recipients will be notified as soon as a decision is made, but scholarship awards will not be disbursed until after the meeting (barring extenuating circumstances). To apply, please be sure to complete and submit both the registration and scholarship application forms.
