at the University of Georgia

*Bluestems & Bluejeans 2015*  
*Plant List - Alphabetically by Scientific Name*

Ferns

**Adiantum pedatum** - Northern Maidenhair Fern

Light Need: Shade      Water Need: High      Height: 1-2 ft.

**Athyrium filix-femina** - Southern Lady Fern

Light Need: Shade      Water Need: Medium-High      Height: 12-18 in.

**Onoclea sensibilis** - Sensitive Fern

Light Need: Shade, Part Shade      Water Need: Medium      Height: 1-2 ft.

**Osmunda claytoniana** - Interrupted Fern

Light Need: Shade, Part Shade      Water Need: Medium-High      Height: 2-4 ft.

**Polystichum acrostichoides** - Christmas Fern

Light Need: Shade      Water Need: Low - High      Height: 2 ft.

Grasses

**Andropogon gerardii** - Big Bluestem

Light Need: Sun, Part Shade      Water Need: Low-Medium      Height: 4-8 ft.      Bloom Period: Aug.-Nov.

**Andropogon glomeratus** - Bushy Bluestem

Light Need: Sun      Water Need: Medium-High      Height: 3-4 ft.      Bloom Period: Sept.-Nov.

**Andropogon gyrans** - Bird-of-paradise Bluestem

Light Need: Sun, Part Shade      Water Need: Low      Height: 1.5-4 ft.      Bloom Period: Aug.-Nov.

**Chasmanthium latifolium** - Upland River Oats

Light Need: Sun - Shade      Water Need: Medium-low      Height: 2-4 ft,      Bloom Period: June-Sept.

**Chasmanthium sessiliflorum** - Longleaf Woodoats

Light Need: Sun - Shade      Water Need: Medium-low      Height: 2-4 ft.      Bloom Period: June-Sept.

**Danthonia sericea** - Silky Oat Grass

Light Need: Sun, Part Shade      Water Need: Medium-low      Height: 3 ft.      Bloom Period: April-June

**Eragrostis spectabilis** - Purple Lovegrass

Light Need: Sun, Part Shade      Water Need: Low-Medium      Height: 1-3 ft.      Bloom Period: Aug.-Nov.

**Muhlenbergia capillaris** - Pink Muhly Grass

Light Need: Sun      Water Need: Dry-Medium      Height: 3 ft.      Bloom Period: July-Oct.

**Panicum amarum 'Dewey Blue'** - Bitter Switchgrass

Light Need: Sun-pt. sun      Water Need: Medium-low      Height: 3-4 ft.      Bloom Period: August-November

at the University of Georgia

## **Panicum virgatum** - Switchgrass

Light Need: Sun Water Need: Low Height: 3 – 6 Ft. Bloom Period: Jul - Sept

## **Rhynchospora colorata** - Whitetop Star Sedge

Light Need: Sun, Part Shade Water Need: Medium Height: 1-3 ft. Bloom Period: June-Aug.

## **Saccharum alopecuroides** - Silver Plumegrass

Light Need: Sun, Part Shade Water Need: Low Height: 6-8ft Bloom Period: October-Dec.

## **Sorghastrum elliotii** - Slender Indiangrass

Light Need: Sun, Part Shade Water Need: Low Height: 3-4 ft. Bloom Period: Sept.-Nov.

## **Sporobolus clandestinus** - Hidden Dropseed

Light Need: Sun Water Need: Medium-Low Height: 3-4 ft. Bloom Period: Fall

## **Sporobolus junceus** - Piney-Woods Dropseed

Light Need: Sun, Part Shade Water Need: Medium-Low Height: 18 in. Bloom Period: September

## Shrubs

## **Amorpha fruticosa** - Indigo Bush

Light Need: Sun, Part Shade Water Need: Low Height: 6-12 ft. Bloom Period: May-June

## **Callicarpa americana** - American Beautyberry

Light Need: Part Shade Water Need: Low Height: 3-6 ft. Bloom Period: May-July

## **Calycanthus floridus** - Sweetshrub

Light Need: Part Shade Water Need: Medium-High Height: 6-12 ft. Bloom Period: April-July

## **Euonymus americanus** - Hearts-a-bustin'

Light Need: Sun - Shade Water Need: Medium-High Height: 3-6 ft. Bloom Period: July-Sept.

## **Hypericum densiflorum** - Bushy St. John's-wort

Light Need: Sun, Part Shade Water Need: low Height: 6 ft. Bloom Period: Mid-Late Summer

## **Ilex decidua** - Possum Haw

Light Need: Sun, Part Shade Water Need: Medium Height: 10 - 20 ft. Bloom Period: March-May

## **Ilex verticillata** - Winterberry

Light Need: Sun, Part Shade Water Need: High-Medium Height: 5 – 15 Ft. Bloom Period: April-May

## **Myrica cerifera** - Wax Myrtle

Light Need: Sun - Shade Water Need: Dry-Moist Height: 6-12 ft. Bloom Period: May

## **Prunus angustifolia** - Chickasaw Plum

Light Need: Sun - Shade Water Need: Medium Height: 2-4 ft. Bloom Period: June-Sept.

## **Rhododendron austrinum** - Florida Flame Azalea

Light Need: Part Shade Water Need: Dry Height: 8-10 ft. Bloom Period: March-April

## **Rhododendron canescens** - Piedmont Azalea

Light Need: Part Shade Water Need: Dry Height: 6-12 ft. Bloom Period: March-April

at the University of Georgia

## **Vaccinium arborescens** - Farkleberry

Light Need: Part Shade    Water Need: Medium    Height: 12-36 ft.    Bloom Period: March-June

## **Vaccinium corymbosum** - Highbush Blueberry

Light Need: Sun , Part Shade , Shade    Water Need: Low-High    Height: 6-12 ft.    Bloom Period: May-June

## **Vaccinium elliotii** - Mayberry

Light Need: Part Shade    Water Need: Low-Med    Height: 13 ft.    Bloom Period: May

## Trees

### **Betula nigra** - River Birch

Light Need: Sun, Part Shade    Water Need: Medium - High    Height: 40-60 ft.    Bloom Period: April-May

### **Carpinus caroliniana** - American Hornbeam

Light Need: Sun - Shade    Water Need: Medium-High    Height: 20-30 ft.    Bloom Period: April

### **Diospyros virginiana** - Eastern Persimmon

Light Need: Part Shade    Water Need: Medium    Height: 36-72 ft.    Bloom Period: April-June

### **Quercus velutina** - Black Oak

Light Need: Sun, Part Shade    Water Need: Medium    Height: 75-100 ft.    Bloom Period: March-May

### **Taxodium distichum** - Bald Cypress

Light Need: Sun, Part Shade    Water Need: Medium    Height: 50-75 ft.    Bloom Period: April

## Vines

### **Bignonia capreolata** - Crossvine

Light Need: Sun, Part Shade    Water Need: Low-Medium    Height: Twining Vine    Bloom Period: March-May

### **Centrosema virginianum** - Spurred Butterfly Pea

Light Need: Sun - Shade    Water Need: Medium-low    Height: 6-12 ft.    Bloom Period: July-Aug.

### **Lonicera sempervirens 'John Clayton'** - Coral Honeysuckle

Light Need: Sun, Part Shade    Water Need: Low-Medium    Height: climbing vine    Bloom Period: April-September

### **Matelea gonocarpos** - Eastern Anglepod

Light Need: Sun, Part Shade    Water Need: Low    Height: Twining Vine    Bloom Period: May-Aug.

### **Wisteria frutescens** - American Wisteria

Light Need: Sun    Water Need: Low    Height: climbing vine    Bloom Period: April-May

## Wildflowers

### **Allium cernuum** - Nodding Onion

Light Need: Sun    Water Need: High    Height: 1-3 ft.    Bloom Period: June-Aug.

### **Amsonia hubrichtii** - Threadleaf Bluestar

Light Need: Sun, Part Shade    Water Need: Medium    Height: 2-3 ft    Bloom Period: April-May

## **Anemone virginiana** - Tall Thimbleweed

Light Need: Sun, Part Shade      Water Need: Low-Medium      Height: 1-3 ft.      Bloom Period: May-July

## **Antennaria plantaginifolia** - Pussytoes

Light Need: Sun, Part Shade      Water Need: Low      Height: ground-cover      Bloom Period: March-May

## **Aquilegia canadensis** - Wild Columbine

Light Need: Part Shade, Shade      Water Need: Low-Medium      Height: 1-3 ft.      Bloom Period: Feb.-July

## **Arnica acaulis** - Common Leopard's-bane

Light Need: Shade, Part Shade      Water Need: High-Medium      Height: 1-3 ft.      Bloom Period: April-June

## **Aruncus dioicus** - Goat's Beard

Light Need: Sun - Part Shade      Water Need: Moist-Average      Height: 4-6 ft.      Bloom Period: April-May

## **Asclepias incarnata** - Swamp Milkweed

Light Need: Sun, Part Shade      Water Need: High      Height: 3-6 ft.      Bloom Period: June-Oct.

## **Asclepias syriaca** - Common Milkweed

Light Need: Sun      Water Need: Low      Height: 1-3 ft.      Bloom Period: May-July

## **Asclepias tuberosa** - Butterfly Weed - Orange

Light Need: Sun, Part Shade      Water Need: Low      Height: 1-1.5 ft.      Bloom Period: May-Sept.

## **Baptisia albescens** - Spiked Wild Indigo

Light Need: Sun, Part Shade      Water Need: Low      Height: 2-3 ft.      Bloom Period: April-May

## **Baptisia australis** - Wild Blue Indigo

Light Need: Sun      Water Need: Medium      Height: 3-6 ft.      Bloom Period: April-July

## **Baptisia minor** - Blue Wild Indigo

Light Need: Sun, Part Shade      Water Need: Low      Height: 1-3 ft.      Bloom Period: May-June

## **Baptisia tinctoria** - Yellow False Indigo

Light Need: Sun, Part Shade      Water Need: Low      Height: 3-4 ft.      Bloom Period: May-Sept.

## **Blephilia ciliata** - Downy Woodmint

Light Need: Sun - Shade      Water Need: Low-Medium      Height: 8-12 in.      Bloom Period: May-July

## **Calamintha georgiana** - Georgia Calamint

Light Need: Sun      Water Need: Low      Height: 1-3 ft.      Bloom Period: August-October

## **Chrysogonum virginianum var. australe** - Green and Gold

Light Need: Part Shade      Water Need: Medium      Height: 2 in.      Bloom Period: April-Oct.

## **Chrysopsis mariana** - Maryland Goldenaster

Light Need: Sun, Part Shade      Water Need: Low      Height: 1-2 ft.      Bloom Period: Aug.-Oct.

## **Conradina canescens** - Sandhills Rosemary

Light Need: Sun      Water Need: Medium-low      Height: 3-6 ft.      Bloom Period: Feb-April

## **Conradina verticillata** - Cumberland Rosemary

Light Need: Sun, Part Shade      Water Need: Medium      Height: 12 in.      Bloom Period: April-May

## **Coreopsis lanceolata** - Lanceleaf Loosestrife

Light Need: Sun Water Need: Medium Height: 2-3ft. Bloom Period: Summer

## **Coreopsis major** - Woodland Coreopsis

Light Need: Sun, Part Shade Water Need: Low-Medium Height: 1-3 ft. Bloom Period: May-Aug.

## **Echinacea purpurea** - Purple Coneflower

Light Need: Sun, Part Shade Water Need: Medium Height: 1-3 ft. Bloom Period: April-Sept.

## **Echinacea tennesseensis** - Tennessee Purple Coneflower

Light Need: Sun, Part Shade Water Need: Medium Height: 1-3 ft. Bloom Period: June-Aug.

## **Erigeron pulchellus** - Daisy Fleabane

Light Need: Sun Water Need: Medium-Low Height: 1 ft. Bloom Period: all summer

## **Eryngium yuccifolium** - Rattlesnake Master

Light Need: Sun Water Need: Medium-Low Height: 3-6 ft. Bloom Period: May-Aug.

## **Eupatorium fistulosum** - Hollow-stem Joe Pye Weed

Light Need: Sun, Part Shade, Shade Water Need: Medium-High Height: 3-6 ft. Bloom Period: July-Sept.

## **Galactia volubilis** - Downy Milkpea

Light Need: Sun, Part Shade Water Need: Medium Height: 12-18 in. Bloom Period: April-May

## **Helianthus angustifolius** - Swamp Sunflower

Light Need: Sun Water Need: Low-High Height: 5-6 ft. Bloom Period: Sept.-Nov.

## **Helianthus atrorubens** - Purpledisk Sunflower

Light Need: Sun Water Need: Low Height: 6-9 ft. Bloom Period: June-Oct.

## **Helianthus mollis** - Downy Sunflower

Light Need: Sun Water Need: Low-High Height: 5-6 ft. Bloom Period: June-Sept.

## **Heuchera americana** - Alumroot

Light Need: Shade, Part Shade Water Need: Medium-Low Height: 12 in. Bloom Period: April-May

## **Heuchera americana 'Autumn Bride'** - Autumn Bride Alumroot

Light Need: Shade, Part Shade Water Need: Medium-Low Height: 12 in. Bloom Period: April-May

## **Hibiscus grandiflorus** - Swamp Rosemallow

Light Need: Part Shade Water Need: High Height: 6 ft. Bloom Period: March-Aug.

## **Hibiscus moscheutos** - Crimson-eyed Rosemallow

Light Need: Sun, Part Shade Water Need: High Height: 3-6 ft. Bloom Period: July-Sept.

## **Ionactis linariifolius** - Stiff Aster

Light Need: Sun, Part Shade Water Need: Low Height: 1-2 ft. Bloom Period: Aug.-Oct.

## **Iris sp.** - Blue Iris

Light Need: Sun, Part Shade Water Need: High-low Height: 2 ft. Bloom Period: June

## **Kosteletskya virginica** - Seashore Mallow

Light Need: Sun Water Need: Medium-Low Height: 5 ft. Bloom Period: Aug.-Oct.

## **Lespedeza hirta** - Hairy Bushcolver

Light Need: Sun    Water Need: Medium-Low    Height: 18 in.    Bloom Period: Fall

## **Liatris microcephala** - Small-headed Blazingstar

Light Need: Sun    Water Need: Low    Height: 12-18 in.    Bloom Period: Sept.-Oct.

## **Liatris spicata** - Spiked Blazing Star

Light Need: Sun    Water Need: Low    Height: 1-2 ft.    Bloom Period: Aug-Oct.

## **Lobelia cardinalis** - Cardinal Flower

Light Need: Sun - Shade    Water Need: Low    Height: 3-6 ft.    Bloom Period: May-Oct.

## **Marshallia obovata** - Piedmont Barbara's Buttons

Light Need: Sun    Water Need: Low    Height: 2 ft.    Bloom Period: late spring

## **Mitchella repens** - Partridge Berry

Light Need: Part Shade, Shade    Water Need: Medium-high    Height: ground-cover    Bloom Period: spring

## **Monarda didyma 'Jacob Cline'** - Scarlet Bee Balm

Light Need: Sun, Part Shade    Water Need: Medium    Height: 3-4 ft.    Bloom Period: Aug.-Sept.

## **Monarda fistulosa** - Wild Bergamot

Light Need: Sun    Water Need: Low-Medium    Height: 3 ft.    Bloom Period: July-Sept.

## **Monarda punctata** - Spotted Bee Balm

Light Need: Sun, Part Shade    Water Need: Medium    Height: 3-4 ft.    Bloom Period: Aug.-Sept.

## **Oenothera fruticosa var. fruticosa** - Sundrops

Light Need: Sun, Part Shade    Water Need: Dry-Medium    Height: 8-12 in.    Bloom Period: May-June

## **Oenothera fruticosa var. subglobosa** - Sundrops

Light Need: Sun, Part Shade    Water Need: Dry-Medium    Height: 6 in.    Bloom Period: April-Oct.

## **Packera tomentosa** - Woolly Ragwort

Light Need: Full Sun    Water Need: Medium-low    Height: 18 in.    Bloom Period: March

## **Penstemon digitalis** - Foxglove Beardtongue

Light Need: Sun, Part Shade    Water Need: Low - High    Height: 1-2 ft.    Bloom Period: May-July

## **Penstemon laevigatus** - Eastern Smooth Beardtongue

Light Need: Full Sun, Shade    Water Need: Low-Medium    Height: 2-3 ft.    Bloom Period: April-May

## **Phemeranthus teretifolius** - Quill Fameflower

Light Need: Sun    Water Need: Medium-Low    Height: 6 in.    Bloom Period: Summer-Fall

## **Philadelphus inodorus** - Scentless Mockorange

Light Need: Part Shade    Water Need: Low-Medium    Height: 6-8 ft.    Bloom Period: May

## **Phlox divaricata** - Blue Phlox

Light Need: Part Shade, Shade    Water Need: Medium    Height: 1-3 ft.    Bloom Period: April-May

## **Phlox divaricata 'Blue Moon'** - Blue Moon Phlox

Light Need: Part Shade, Shade    Water Need: Medium    Height: 1-3 ft.    Bloom Period: April-May

Light Need: Full Sun, Part Sun    Water Need: Med.    Height: 2-4 ft    Bloom Period: June-Autumn

## **Phlox paniculata 'Jeana'** - Jeana Garden Phlox

Light Need: Full Sun, Part Sun    Water Need: Med.    Height: 2-4 ft    Bloom Period: June-Autumn

## **Phlox stolonifera** - Creeping Phlox

Light Need: Sun, Part Shade    Water Need: Medium    Height: 6-8 in.    Bloom Period: April-May

## **Prunella vulgaris** - Self Heal

Light Need: Sun - Shade    Water Need: Low-Medium    Height: 15-30 ft.    Bloom Period: March-May

## **Pycnanthemum pycnanthemoides** - Hoary Mountain-mint

Light Need: Sun - Shade    Water Need: Medium    Height: 2-4 ft.    Bloom Period: June-Sept.

## **Pycnanthemum tenuifolium** - Narrowleaf Mountain-mint

Light Need: Sun - Shade    Water Need: Medium-high    Height: 2-5 ft.    Bloom Period: March-May

## **Ratibida pinnata** - Gray-headed Coneflower

Light Need: Sun, Part Shade    Water Need: Medium    Height: 3-6 ft.    Bloom Period: May-Sept.

## **Rhexia mariana** - White Meadow-beauty

Light Need: Sun, Part Shade    Water Need: High    Height: 1-3 ft.    Bloom Period: May-July

## **Rudbeckia lanciniata** - Greenheaded Coneflower

Light Need: Shade, Part Shade    Water Need: Medium    Height: 3-6 ft.    Bloom Period: July-Oct.

## **Rudbeckia fulgida** - Orange Rudbeckia

Light Need: Sun    Water Need: Low-Medium    Height: 3-6 ft.    Bloom Period: May-Sept.

## **Rudbeckia hirta** - Blackeyed Susan

Light Need: Sun    Water Need: Low-Medium    Height: 3-6 ft.    Bloom Period: May-Sept.

## **Salvia azurea** - Azure Sage

Light Need: Part Shade    Water Need: Low    Height: 3-6 ft.    Bloom Period: Sept.-Nov.

## **Sarracenia leucophylla** - Whitetop Pitcherplant

Light Need: Sun    Water Need: High    Height: up to 3 ft.    Bloom Period: May-Aug.

## **Scutellaria incana** - Downy Skullcap

Light Need: Sun - Shade    Water Need: Low-Medium    Height: 1-3 ft.    Bloom Period: June-Sept.

## **Silphium compositum** - Kidneyleaf Rosinweed

Light Need: Sun, Part Shade    Water Need: Low    Height: 1 ft.(6 ft. flower stalk)    Bloom Period: June-Sept.

## **Solidago caesia** - Bluestem Goldenrod

Light Need: Shade, Part Shade    Water Need: Low - High    Height: 1-3 ft.    Bloom Period: Fall

## **Solidago erecta** - Slender Goldenrod

Light Need: Sun, Part Shade    Water Need: Low, dry    Height: 1-3 ft.    Bloom Period: Oct.-Sept.

## **Solidago nemoralis** - Grayleaved Goldenrod

Light Need: Sun, Part Shade, Shade    Water Need: Medium    Height: 3 ft.    Bloom Period: June-Oct.
